Verified Green Choice Program is enrolled for this meter, as the applicant is desiring to view this permit and space under Section 3103 of the 2021 IBC as temp use in a building. The Green Choice Program is being used to provide temp infrared electric ceiling heat to this space due to the fact the walls and ceilings are un-insulated. This is approved for only 1- year until the applicant submits a new building permit for permanent change of occupancy use at which time insulation will be required in this space. Space to be used on Fridays and Saturdays at this time.
