**Attachments:** PH-APO & Referral Letter.pdf; SS Narrative & Plans.pdf

Mary Alice,

We have reviewed the plans and have a couple issues with the clearance to the Overhead lines and the guy wire in the deck. We are working with the architect to get us some updated plans and make changes to clear up the issues. Nothing we have needs to hold up the process though. I will keep you informed as we move forward.  
Respectfully,

**Scott Flowers**  
Field Service Rep

Planning Commission meeting is September 10<sup>th</sup>, if you could give me comments before then I will pass them along to Mary Alice.

Thanks Scott!
