**Comments:**

☐ The engineer in responsible charge of the design shall verify in writing if special inspection is required by IBC Section 1704 to include masonry walls. The inspection program shall designate the portions of the work that require special inspection and the name or names of the individuals or firms who are to perform the special inspections, and indicate the duties of the special inspectors. Special inspectors shall be employed by the owner, the architect or engineer responsible for the design, or an agent of the owner, but NOT by the contractor or any other person responsible for the work. Provide the name or names of the individuals or firms who are to perform the special inspections. UNRESOLVED. Please submit the special inspection program as requested.
