RE: **CDPHE Acceptance of the 2023 Explosive Gas Monitoring Reports**
Milner Landfill, Routt County, Colorado
CDPHERM HAZ SW / Permitting / RTT16

Dear Ms. Coupe:

The Colorado Department of Public Health and Environment (“CDPHE” or “Department”), Hazardous Materials and Waste Management Division (Division) received the following reports in 2023:

“Explosive Gas Monitoring Results - First Quarter 2023;” prepared by Twin Landfill Corporation (Twin); dated March 13, 2023.

“Explosive Gas Monitoring Results - Second Quarter 2023;” prepared by Twin; dated June 5, 2023.

“Explosive Gas Monitoring Results - Third Quarter 2023;” prepared by Twin; dated September 5, 2023.

“Explosive Gas Monitoring Results - Fourth Quarter 2023;” prepared by Twin; dated December 29, 2023.

The Division reviewed these four reports to determine their compliance with the Solid Waste Disposal Sites and Facilities Act, CRS 30-20-100.5 *et. seq.* (Act), the Regulations Pertaining to Solid Waste Sites and Facilities, 6 CCR 1007-2, Part 1 (Regulations), and the site’s approved Engineering Design and Operations Plan (EDOP). **Based on the Division’s review, explosive gas monitoring appears to have been conducted in general accordance with the Act, Regulations, and EDOP. Therefore, the Division hereby accepts the four above-referenced reports as submitted.**

Please note that the Division’s acceptance of the four reports does not preclude separate review action by Routt County.

The Division is authorized to bill for its review of technical submittals at \$125 per hour pursuant to the Act and Regulations. An invoice for the Division’s review of the above-referenced reports will be sent to Twin under separate cover.

Please contact me by phone at (303) 692-3316 or by email at sarah.foreman@state.co.us should you have any questions or comments concerning this letter.

Sincerely,

Sarah Foreman, PE
