

## APPENDIX A. HOURS OF OPERATION

### Stagecoach Mountain Ranch

#### Hours of Operation

Stagecoach Mountain Ranch will operate seasonally, primarily dictated through seasonal weather patterns for the summer and winter seasons, as well as the needs and demands of the community. Ski operations, and all support services, such as food and beverage, will operate from approximately the Thanksgiving holiday through mid-April, or as winter weather allows. The Summer season, described as approximately mid-May through mid-October, will also provide support services such as food and beverage and other indoor and outdoor recreational facilities, as weather conditions allow, and the community requires. Home maintenance, building maintenance, development, and sales, will continue to operate year-round as needed.
