Re: Compliance Advisory – Milner Landfill, Milner, Routt County, Colorado

Dear Mr. Liman:

The Hazardous Materials and Waste Management Division of the Department of Public Health and Environment (the Division) received on June 24, 2003 a document in response to a Compliance Advisory dated June 12, 2003 issued by the Division to Twin Landfill Corporation, Routt County, Colorado. A supplement to the response dated October 17, 2003 was received on October 22, 2003 provides as built drawings and photographs of the Leachate Seep Collection System that was recently installed.

The Division has completed a review of the submittals and has determined that the facility can comply with the Solid Waste Regulations if the facility is operated in a manner to minimize nuisance conditions. This would include reducing the working face, providing daily soil cover and repairing the tarp as described in your letter.

Please submit analysis of the leachate as soon as possible.

Should you have any questions, please call Darrell Dearborn at (303) 692-3349.

Sincerely,

Darrell R. Dearborn  
Geologist, Solid Waste Unit  
Compliance Program
