Mr. Goldich,

Williams Fork Mining, LLC was issued a Routt County Special Use Permit for gravel mining at the Red Rock Gravel Pit (PP2011-018) in 2011. The Red Rock Pit is operated by Williams Fork Mining, LLC and the property is owned by American Land Holdings of Colorado, LLC; both of which are entities of Peabody. Peabody would like to renew the current SUP for the Red Rock Pit with no changes proposed from the previous permit and the pit will operate under the existing conditions of approval.

If you have any questions or require any additional information please contact me.

Sincerely,

Miranda Kawcak
