

Good Morning Alan,

The purpose of this email is to voice concern over potential traffic issues that will be created from this project. The Montessori school is already creating unsafe traffic issues during the mornings and afternoons. Additional housing units will only exacerbate the situation unless the flow of traffic is addressed. I would like to propose the addition of an underpass or overpass to allow school aged children from the surrounding neighborhoods to safely travel to nearby Montessori and Sleeping Giant schools. Having this pedestrian infrastructure would help the traffic flow as more children would be able to get to school without the aid of a motor vehicle.

Thank you for the opportunity to comment.

Sincerely,

Concerned neighbor
