Hello, Ty.

Good to see you this morning at J&J.

I am writing to let you know that Randall and I reviewed your mailing and we agree that your proposed plan looks like a good compromise.

We are wondering if this means there will not be any development of the parcels on either side of the entrance - ever - or just for now.

We are not able to attend the meeting, and wanted to let you know our thoughts.

Thanks for all your work on this.

Jane
