Re: PL20220077, Subdivision, Uhl Property

We reviewed the application for completeness on August 04, 2022. The following is not a thorough review, but a list of the deficiencies we noted by which we deemed the application incomplete.

Missing Submittal Requirements:

- Legal Description of Property
- Vicinity Map – This can be a screen shot of the area from the County GIS or Google Maps
- Existing Conditions – This can be a screen shot of the area from the County GIS or Google Maps but make sure it accurately represents what exists on the property.
- Submittal Checklist & Property Owner Statement of Approval
- Written Narrative – Please include a sentence that states you are requesting a Subdivision Exemption.

The applications shall only be considered complete when all of the above information is submitted. The review of the application will not begin until the application is considered complete.

Sincerely,

Alan Goldich, Senior Planner
Routt County Planning Department
