Re: PL20220097, Special Use Permit, Hogue River Gravel Pit

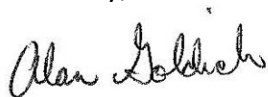

We reviewed the application for completeness on October 20, 2022. The following is not a thorough review, but a list of the deficiencies we noted by which we deemed the application incomplete.

**Missing Submittal Requirements:**

- Statement of Authority – A Statement of Authority allowing Michael Hogue to sign on behalf of Hogue Ranch Limited Partnership needs to be submitted.
- Information Regarding Conditions of Approval – Condition of approval #18 of SUP PP2012-044 requires an annual report of total materials hauled, remaining reserves, and the number of truck trips. None of this information has been submitted since the permit was issued.

The applications shall only be considered complete when all of the above information is submitted. The review of the application will not begin until the application is considered complete.

Sincerely,

Alan Goldich, Senior Planner  
Routt County Planning Department
